21. DELIA AND HER FATHER BUY MATERIAL FOR MAKING THE SHELF
- HARDWARE STORE

INT. MORNING IN THE STORE

Delia and her father are purchasing the wood.

Delia is reading a woodworkers' brochure.

The shop assistant comes over.

SHOP ASSISTANT FROM LUMBER YARD

Oh sorry, we don't have oak in the
stock at least not the size you
want.

THE FATHER

(disappointed) Oh, ok then.
Thank you.

DELIA

Is there a specific reason that you
want to use oak?

THE FATHER

I don't remember. I typically like
oak because it's durable and it has
beautiful grain.

DELIA

How about pine? It's not as strong
as oak, but it's soft and easier to
work with, especially for small
furniture. As for the finish, we
can stain it. What do you think?

THE FATHER

(The idea doesn't sound so bad
to the father.)
Well then, we'll use pine.
